6298.0.55.001 - Labour Force Survey Standard Errors, Data Cube, Nov 2007

Previous ISSUE Released at 11:30 AM (CANBERRA TIME) 13/12/2007

Summary

About this Release

This spreadsheet allows the calculation of standard errors for estimates from the monthly Labour Force Survey. It has been modified to accommodate the progressive introduction of the new sample design for the Labour Force Survey (which is implemented over the period November 2007 to June 2008).

The paper Labour Force Survey Standard Errors, 2005 (cat. no. 6298.0) provides useful information on how to use this spreadsheet. This paper will be revised at a later date.
